2.   CRAFT (Clandestine Record Automated Field Terminal)

      The CRAFT Working Group continues to meet and
discuss the problems concerning the paperless field station
concept, and it is anticipated that the DCI will be briefed
on this activity in the near future.

3.   Treaty Organization

      Representatives of Information Systems Security
Group met with officials in the Department of the Army to
discuss the return of SEATO documents held by CIA for
storage at the National Archives.   Current plans are to
request disestablishment of the CIA SEATO Subregistry by
the end of calendar year 1977.

      At the request of the Office of Scientific
Research (OSR), the CIA NATO Subregistry was upgraded
to include the storage of ATOMAL material, and three
individuals in OSR received an appropriate ATOMAL briefing
from the CIA Treaty Organization Control Officer.

TRAINING:

1.   Internal

      One individual from Information Systems Security
Group attended a three day course in Basic VM sponsored
by the Office of Data Processing.

2. <u>External</u>

All members of Information Systems Security Group attended a one day tutorial given by two independent contractors specializing in the field of computer security. The tutorial covered various aspects of computer security and computer operating systems.

GENERAL:

A member of Information Systems Security Group accompanied a representative of ORD and an independent contractor to various ███████ concerns to discuss research and development in the field of computer security.
